BWT COMSY ROBOT

SMART, EFFICIENT, RELIABLE

Elevate your pool maintenance with the COSMY 200 - the robotic solution that offers unmatched efficiency, intelligent cleaning, and steadfast reliability. Say goodbye to manual scrubbing and hello to more leisure time as COSMY transforms your pool into a pristine oasis with minimal effort. Designed for smaller pools, its lighter, more compact design ensures it navigates the smaller space easily, ensuring a clean pool is always just a touch away.

Dual-Filter System

The COSMY 200 features a powerful dual-filter setup with a 15m³/h suction, ensuring effective debris removal and crystal clear pool water.

App-Controlled Convenience

The BWT app puts pool cleaning control in the palm of your hand, offering real-time programming.

Energy-Efficient

COSMY doesn't just clean fast; it cleans smart, using less energy for a spotless pool, contributing to a lower carbon footprint and energy bill.

Lightweight Design

At just 5.75 kg, COSMY is designed for effortless handling, making pool cleaning less of a chore and more of a choice.

Planetary Gear Technology

Experience unparalleled cleaning efficiency with COSMY's dual planetary gear technology, ensuring precise and powerful pool maintenance.

Customizable Cleaning Cycles

With three adjustable cleaning cycles, COSMY adapts to the level of dirt, giving your pool a tailored clean without any extra effort on your part.

Product Overview

Smart control at your fingertips

Unleash the full potential of pool cleaning with the COSMY 200's intelligent app integration. With the power to start and stop your pool robot effortlessly, monitor its status in real-time, and customize run times to fit your schedule, pool maintenance has never been more convenient.

Delay the start of a cleaning cycle with just a tap or receive alerts when it's time to empty the filter. This app isn't just a remote control; it's your personal pool butler, ensuring your pool is ready whenever you are.

Warranty

✓ 2 years
